EXCITING NEWS **for Members and Kids**

Please note that we **WILL** have a **KIDS' FISHING TOURNAMENT** on **JULY 9th**. The event will run from 8:00 a.m. until 1:00 p.m. that day. Plan to bring your children fishermen (and ladies) to the Beach House at the dam that morning to register anytime from 8:00-10:00 a.m. ***THERE WILL BE NO PREREGISTRATION.*** Kids may begin fishing

once they are registered.

Tournament Weigh-in will start at 11:45 a.m. You must be done fishing and back at the Beach House no later than noon. Kids may bring one fish of each species (walleye, perch, bluegill and crappie) for each child registered and participating in the tournament.

Please contact Chris Wenzel (Momma C) to offer any donations or ask questions about this year's event. Her phone number is 515-975-3008

[Tournament Rules](#) follow and are also available at the Association Office and on the website.

Thank you for your support, and let's have some fun with the kids!

Doug Massop
Chairman, Fishing Committee

2022 SUN VALLEY LAKE KIDS FISHING TOURNAMENT

For this year only, the tournament will be held in a modified format.

DATE & TIME: July 9, 2022. From 8:00 a.m. until 12:00 p.m. Registration is at the Sun Valley Lake Beach from 8:00 a.m. to 10:00 a.m. Participants can begin fishing as soon as they complete registration.

ELIGIBILITY: Children, grandchildren and guests of Sun Valley Lake property owners that are 16 years of age or younger.

FISH SPECIES: Only perch, bluegill, crappie and walleye (**walleye must be over 16 inches long**) are included in the tournament. **NO BASS OR CATFISH WILL BE WEIGHED.** Fish must be kept alive for the weigh-in. Fish may be kept or released after the weigh-in.

TACKLE: Fish must be caught on a rod and reel. Live fish may **NOT** be used for bait.

WEIGH-IN: Weigh-in will take place at Sun Valley Lake Beach beginning at 11:45 a.m. All contestants must be at the beach house by 12:00 p.m. Each contestant may bring **ONLY ONE FISH** of each species for weigh-in.

PRIZES: Prizes will be awarded for the 3 largest fish of the 4 species of fish included in the tournament.

GIFT: A gift will be provided for each child who participates in the tournament.

Sponsored by the SVILA Fish & Water Quality Committee

Sun Valley Lake Bass Tournament

The Sun Valley Lake Bass Tournament was held April 30, 2022. Fifteen boats holding 30 dedicated fishermen participated during this cool, windy day.

“It was a stormy-looking day, my friends...”

Fishing pairs checked in at 6:00 a.m. Above, they head out onto the lake at 7:00 a.m.

Winners of the Bass Tournament

From left: Rich Johnson, Dylan Graham, Mark Evenrud, Scott Miller, Joel Arment, Brent Arment, Luke Bain, Dave Christensen.

Hello Sun Valley Lake Residents –

Summer is here and we are eager to get started on our Wastewater Treatment Facility Improvement Project.

In our Spring article, we indicated the project was out for bid in late March, awarding contracts in April and work beginning in June with a tentative October completion date. Unfortunately, due to timing issues, material shortages and contractor availability, we only received one bid and it was just for the erosion control around the lagoons. That portion of the project came in 10% under the engineered estimate, so we have awarded the contract for this portion of the project with a June or July start date.

Contractors indicated our original completion timeline of 100 working days was not realistic, so we changed the completion date for the remainder of the project to May 31, 2023 and put it out for re-bid on May 26. Our plan is to award the remaining contracts for Linford Lane and the Collection system on May 31st. We are hoping for a fall 2022 start on both projects. Once again, we will be providing project updates via email and our website.

We are happy to announce Dion Giles, our Superintendent, is now able to repair E/One Grinder pumps either on site or at his shop. This will be a huge savings to our members as the repair cost will be much less than the cost of replacing pumps. The repair prices will be added to our repair price list. Additionally, due to material shortages, inflation, and the increased cost of doing business, we find it necessary to raise our repair prices, and our labor rate will increase to \$55.00 per hour. Once complete, the repair prices will be posted on our website. Please remember, by Ordinance 16 of the Sun Valley Sanitary District, **ALL repairs MUST be performed by our staff**. To request service, please call our office at 641-234-2099. To help reduce system failures at your home and ensure the wastewater treatment facility operates properly, PLEASE ONLY FLUSH HUMAN WASTE. Tampons and applicators, paint, chemicals, flushable wipes, and baby diapers are examples of things that should **NEVER** be introduced into the sewer system.

Everyone is aware of the changes we have made to our billing process. These changes were made in large part to streamline the process and reduce the number of delinquent payments. Currently, we have about 25% of our members who are delinquent in their payments. We have an office staff of one person who spends an inordinate amount of time collecting money. Therefore, rather than hire another person in the office, we have decided to implement a late fee and discontinuance of service policy for past due accounts. We are finalizing the policy and it will be incorporated into Ordinance 16 effective July 1, 2022. We will post the new policy via email and on our website in late June. We appreciate everyone's cooperation in prompt bill payment.

We wish you all a very delightful and safe summer at the lake. If you see Judy and Dion around the lake, please join us in thanking them for their hard work!

DIAM PEST CONTROL.com

For general questions please email:
perrylee@diampestcontrol.com
For service please email: Diamservice@diampestcontrol.com
Ph: 515.244.3533 or Toll Free: 1.800.223.7736
Address: 10552 Justin Drive. Urbandale, Iowa 50322

DIAM Pest Control's 4-Seasons Home Pest Elimination Plan is designed to keep your home pest free all year long. Our plan is the safest most economical way to **control pests** in your home. We service every 3 months which is often enough to provide continuous protection from service to service. The products we use are designed to provide protection from insects for up to 90 days.

Control Pests

We will control pests such as:
Ants, Spiders, Wasps, Hornets, Bees, Roaches, Silverfish, Crickets, Boxelder Bugs, Asian Beetles, Springtails, Earwigs, Centipedes, Millipedes, Mice and More.

Locally Owned

The president of DIAM Pest Control, Perry Tague, *Sun Valley Lake Association Member*, is just a phone call away and customer satisfaction is his number one concern. The key factor to effective control is an ability to correctly identify the problem, and no one knows local pests like a local company. We have been providing service for over 50 years.

Qualified Personnel

All DIAM employees are tested and licensed by the **State of Iowa**. Some 500 man hours are devoted to education and training programs every year.

Systems Approach

The DIAM control program emphasizes sanitation and physical procedures to eliminate the availability of food, water and shelter, the three things pests need to survive. Only then do we consider the application of the just right pesticide.

Safety Conscious

We use pesticides in the proper manner... carefully. Often they are applied as a penetrating mist, driven into cracks and crevices where pests live, eliminating the chance for contact with people or pets.

Prompt Service

We continue to find ways to cut response time since we take real pride in prompt service. And according to our residential and commercial customers, it's appreciated.

Fully Insured

DIAM Pest Control is covered by an extensive liability insurance policy. All employees are fully bonded. Letter of certification and coverage details are available on request.

Competitively Priced

Give us a call and a licensed professional will make a prompt inspection of your property. We will identify problem areas, detail control procedures and give a complete cost breakdown.

A Day in the Life of Parliamentarian, Pat Goodman

As I write this article for the Views and News, I am looking out at the lovely lake we all call home. It is a beautiful sunny day with a high near 80 degrees. Earlier today, I put the boat in for the first time this year (yes, I agree we have not had much good spring weather for lake life) and low and behold, after starting the boat up on the first try, moving away from the dock for about 400 yards and having my wife drive the car and trailer (and my cell phone) back to our home, the engine alarm started going off. After a few choice words, I quickly shut off the engine, opened the engine compartment and saw all the antifreeze spewing everywhere. Fortunately for me I spotted an able bodied (not really, but he did have a working boat 😊) fisherman across the lake near Paul Jones's house. I started shouting, "Paul Jones!" from the top of my lungs and after a short while he made his way around the dredge equipment. I could hear him say, "The fish were not biting anyway," and he towed me to our dock which is nearly all the way across the lake. While Paul was towing me, he reminded me that I was not the first Parliamentarian he had towed as he recently towed Bill Wells to safety. This may be a coincidence, but I hope the next Parliamentarian always has his/her cell phone with them while on the boat. With the boat now secure on our dock, thanks to Paul's expert towing service, I told Paul I owed more than a few Old Fashions. Then I called Greg Jobe (Who doesn't start with Greg when they have a problem?) who called Tyler Wolf of Big Boys Toys. Tyler came out later that same day with a clamp and fixed the problem. In my experience, this is a typical Sun Valley Day with beautiful weather, interesting events, and an incredibly helpful community of people.

Michelle and I bought our home in 2005 and have truly loved the time we get to spend at the lake. Our three kids had so much fun when they were growing up and now that they are older and do not live with us, they still make special trips back to spend time at the lake. Now we play more volleyball compared to when they were younger and it seemed we spent most of the day tubing around the lake. The growth at the lake has been incredible since then and that growth has only accelerated since the pandemic. We really love getting to know more and more people since we are now able to spend more time here.

I was asked about becoming the Parliamentarian a little over a year ago and have really enjoyed the experience. As some of you know, I am not a lawyer, but enjoy helping the Board with the discussions on many important issues that require the Board's attention. The time and effort required of the Board is more than I imagined, and I appreciate even more the job of this volunteer board and of all the volunteer committee members who dedicate so much of their time making the lake a better place for all of us.

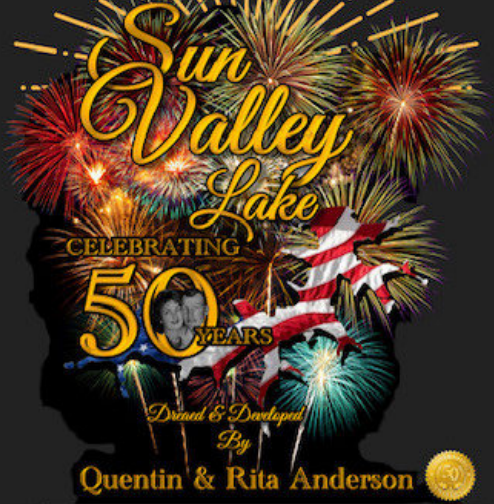

I look forward to meeting more of you this summer and beyond!

All the best to you and your families!
Pat Goodman
